more effective than chlorine bleach

All Natural SuperOxidants[™] FDA/USDA **Approved**

G CUL AND WEI CAO'S P.O. Bit 67, Beijing 100003.

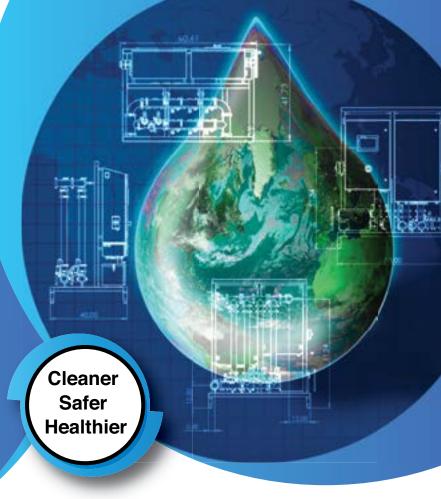

BIOIONIX® Makes the World's Food and Water Supply Safer!

Our proven, approved and patented technology uses non-chemical, natural SuperOxidants to disrupt and destroy the DNA and RNA of pathogens!

BIOIONIX® Benefits:

- Meet Sustainability Initiatives: No chemicals added, reuse water
- Save Money: Eliminate downtime, chemical costs, reduce brine disposal
- Improve Food Quality: Increase shelf life, cleaner labels, improve taste
- Peace of Mind: Continuous 24/7 monitoring

Proven Technology and Knowledge:

- Patented and proven, non-chemical systems are FDA and USDA approved as a chemical-free solution for disinfection in food manufacturing.
- The BIOS_{AI}F^{24/7} artificial intelligence software gives continual system monitoring, data collection and maintains performance.
- BIOSAIF^{24/7} allows for remote commissioning, monitoring, configuring and installation!
- More than technology! 24/7/365 Full-service support by a team of experts: engineers, food safety, chemists and animal health.
